

The Arc Oneida-Lewis

Respite Care Home

The Arc's **Respite Care Home** provides respite services to families who live with and care for individuals with intellectual and developmental disabilities, who are Medicaid Waiver eligible. Our specially trained staff are skilled in providing guests with daily and overnight care that responds to each person's needs in a comfortable, home-like atmosphere.

Guests enjoy prepared meals, planned leisure activities, community outings, and the opportunity to socialize with other guests in a safe, supportive, certified setting. The program has nursing oversight, though a nurse is not present at all times.

The **Respite Care Home** is an accessible site.

Transportation to and from the program is not available. However, resources such as The Arc's Dial-a-Drive program, public, school, or day program transportation options may assist families with transportation needs.

The **Respite Care Home** requires individuals to complete an intake and screening process to begin receiving this service. The application is available for download on our website, www.thearc.org
